

Client: The Goldsmiths Company

Location: Various

Project Summary: Asbestos Removal

Contract Duration: Ongoing

CASE STUDY

Projects Brief:

Pier Contractors Ltd,
Environmental clean of roof void,
removal of AIB & encapsulation of
AIB various locations throughout
the building

The Challenges :

The main challenge for Pier Contractors Ltd was to insure that we completed the works within the agreed programme timescale, this was achieved and ministered by several comprehensive site meetings with all relevant parties involved with this project. The other major challenges was working in an occupied property
