

Case Study

Client: Hertfordshire County Council
Location: Barnwell School, Stevenage
Project Summary: Asbestos Removal
Contract Duration: 12 Weeks
Contract Value: £980,000.00

Projects Brief

The works comprised of the removal of asbestos insulation board from the window walling of Block C and incorporating the removal of the contaminated plaster ceiling tiles & AIB to the vertical columns within the school

The Challenges

With strategic planning with the school and the main contractor the asbestos works were completed with the school being fully functional remaining live during works to timescales and budgets whilst having a minimal impact.
